

Thank You

To all our valued clients; thank you for your support in 2013. We appreciate your custom and look forward to working with you in 2014!

Christmas Shutdown

The office will be closed from Tuesday 24 Dec and will reopen Monday 13th January. Either Dan (027 225 5838) or Andy (027 493 9098) will be contactable during that time if needed (pls leave msg if no answer).

Parts/Stock Update

Due to increased demand, we are now carrying more stock and in 2014 we would like to supply parts to more screening brands at a competitive price. Send us an order inquiry and we would be happy to get a quotation for you. Our parts email address is parts@mobilescreening.co.nz

Anaconda TR60 Conveyor

Just arrived and available for hire! A 60-ft tracked conveyor with an extra-large 3m³ feed bin capacity. Can be loader fed or fed off screening plant. Save \$ on operating expenses – use a conveyor to stockpile!

Anaconda DF512 Screen

You may have noticed our advertisements for our brand-new DF512 screen due to arrive in January 2014. We plan to add this heavy-duty 12' x 5' scalping screen to our hire fleet and have already had strong interest in it.

Kiverco KL620 Mobile Trommel

Demo unit has become available. Low hours. 1.85m diameter drum, 7.20m³ hopper capacity. Get a great machine at a discounted price... contact us for info.

NEW MSC Quarterly Newsletter

Carrying on from our new website launch in July, we are starting a short quarterly newsletter to all our clients, keeping you informed on what's available for hire, current machinery in stock & on order, parts specials, etc. You'll receive our first newsletter after the summer break and we hope you find it informative. There will be an opt-out link if you don't wish to receive quarterly newsletters from us.
